

## **Organizer Shawn Stevens' Report**

**April 2020**

**During the month I have been leafleting and talking to the employees of NRT bus, along with Business Agents Eli Gillen and Jim Marks, as well as retiree Sean Boulay. I would like to thank them for their assistance. We were able to spend a lot of time at many of the NRT locations; we plan to resume our efforts as soon as they are back to work. At every location we visited, we were getting a great response from the drivers even while we were being harassed by the owner. We plan to keep the pressure on at NRT.**

**We have had some great leads this year and were off to a great start until the Coronavirus put everything on lock down. I will continue to make contact via phone calls and emails with all possible organizing leads until the order is lifted, as we cannot go on site and talk to potential members. Remember, if you have a lead, please reach out to me at 508-799-0551. All calls are confidential.**

**Thank you and I hope you all stay safe!**

**Respectfully submitted,**

**Organizer Shawn Stevens**
