

Organizer Shawn Stevens' Report

May 2020

During the month I have been staying in contact with our current leads to let them know we are still here for them. Even though the Coronavirus pandemic has everything on lockdown, I am trying to reach potential members by phone, text and Facebook. As we still cannot go on site to talk to employees face-to-face, I have been searching potential sites to visit once the Governor's order for social distancing is lifted. This makes organizing a little harder, but we are always up to the challenge. If you have any leads, please reach out to any one of us at 508-799-0551.

Thank you and stay safe!

Respectfully submitted,

Organizer Shawn Stevens
